

Please do not redocket this filing. Attached, are revised files "Fuel Surcharge Tariff Supplement.doc", "Docket A-042090 Fuel Surcharge LSN.doc" and "FUEL PacNWTransp May 07.xls". Unleaded Gasoline price reflects \$3.379/gallon and Diesel reflects \$3.039/gallon, instead of original price shown \$3.359/gallon and 3.029/gallon, respectively. The passenger number originally used was from May 2004 instead of June 2004. Therefore, the effective "Fuel Surcharge" would be for \$0.75 per passenger one way or \$1.50 per passenger round trip.

Thank you,

James N. Fricke  
President/CEO
