Re: TS-081877

To Whom It May Concern,

Please find attached a revised Time Schedule No 35 to replace the same Time Schedule No 35 submitted on October 15, 2008. Please do not redocket. Dave Gomez, of the WUTC, just brought to our attention that the time schedule we submitted with our original submission on October 15, 2008 did not reflect the changes we had asked for in our letter of the same date. All discussions and backup data we have submitted have been about the changes you will find on this revised Time Schedule.

This was a clerical error. We apologize for that error and any confusion it may have caused.

As always, we appreciate your assistance. If further information is needed, please contact Cindy Engstrom at 509-682-1123 or at [cindy@ladyofthelake.com](mailto:cindy@ladyofthelake.com). Thank you.

Sincerely,

*Jack D. Raines*
