Subject: Request for Extension to Response for Docket PG-100051

David,

In the WUTC report regarding the 2010 NW Natural Clark County Distribution System inspection you requested that NW Natural respond in writing to the report by August 23rd, 2010. I will be unavailable for the next two weeks starting Monday and the compliance staff at NW Natural is currently managing inspections and responses related to our Oregon Operations. At this time I am requesting an extension to allow us to respond on or before September 3rd, 2010.

Thank you for taking this into consideration.
