Andy Hydron
Benny's Colville Inn
915 S. Main
Colville, WA 99114

Dear Mr. Hydron:

RE: 2010 Natural Gas Standard Inspection – Benny's Colville Inn

In a letter dated December 15, 2010, the Washington Utilities and Transportation Commission (commission) acknowledged that Benny's Colville Inn located at 915 S. Main, Colville, Washington was working with Avista Utilities to eliminate the master meter system.

In our letter, we requested that you notify the commission upon completion of this work. To date, we have not received that notification.

On August 18, 2011, at 10:00 AM, the commission will conduct a follow up inspection to verify the master meter system has been eliminated. If it has not, a safety inspection of the master meter system will be conducted at that time.

We thank you for your cooperation in this matter. If you have any questions or need further assistance, please contact Patti Johnson at (360) 870-4915 or (360) 664-1266.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Lykken", written over a horizontal line.

David D. Lykken
Pipeline Safety Director
