Since that time the Company has experienced increases in operating costs in the areas of labor, employee benefits, fuel, parts and equipment amongst other categories which it now seeks to update in rates.

If approved, the proposed rates will be effective November 1, 2010. The rate per haul will increase as follows:

25 yard first haul	221.23	28.12	249.35

The commission has the authority to set final rates that may be either lower or higher from the Company's request, depending on the results of its investigation.
