Tacoma, WA 98499

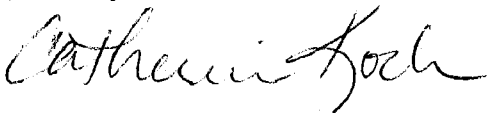

Dear Mr. Lo,

On December 16, 2010 you received a letter from the Washington Utilities and Transportation Commission (WUTC) regarding your 2010 Master Meter System Inspection and indicating that the facility at the above address was determined to be a master meter per the Washington Administrative Code 480-93-005(19). Additionally, it indicated that ownership of the underground facility was unclear as Puget Sound Energy (PSE) had been maintaining the facility as its own.

PSE has since reviewed its records and has determined that it in fact owns the underground facility and will continue to maintain it accordingly. In the coming months a PSE representative will meet with you on-site to discuss the facility in detail and provide answers to any questions you may have.

Thank you for your cooperation and patience in this manner. If you have further questions, please contact me at 425-462-3877.

Sincerely,

Catherine Koch
Director, Compliance
