Subject: Notice of Construction – Bellingham Gate Station Upgrade

Dear Mr. Rathbun:

On May 28, 2015, as part of Docket PG-150468, the Washington Utilities and Transportation Commission granted a petition to Cascade Natural Gas to construct and operate the gate station located at 4175 Britton Rd in Bellingham, WA. This project consists of installing a new pipeline heater, new regulator station, and a short segment of pipe leading from the custody transfer point with Williams Northwest Pipeline into the heater and regulator station. Cascade plans to begin installing the gas carrying facilities the week of August 31, 2015.

If you have any questions or require additional information, feel free to contact Mr. Mike Eutsey at (509) 734-4576 or via email at mike.eutsey@cngc.com

Sincerely,

Kevin McCallum
Pipeline Safety Specialist
