Regarding: Penalty Assessment: UT-160555

To whom it concerns:

We recently acquired Fairhaven Light and Ether, LLC last year and were not aware of needing to file with the Utilities & Transportation Commission. We have had several issues with the transition of the previous ownership to us:

1. Change of address – for a while we did not have access to the current PO Box and were not receiving all correspondents meant for us. We are just now going through and getting everyone updated to a new address that we have regular access too.
2. General training – unfortunately no training as to what has been needed in terms of filing has not been provided so we are playing catch up.
3. Understanding – we had no idea that Fairhaven Light and Ether, LLC was registered with the Utilities & Transportation Commission given that Fairhaven Light and Ether, LLC provides no VoIP or Phone services.

We understand that we are in error on not filing a timely report and are asking the commission for grace. Thank you for your time, efforts, and consideration into this matter.

Sincerely,

Tim Dyck
