State Of WASH.
UTIL. AND TRANSP.
COMMISSION

In Docket TR-180439, the Commission approved, by Order 01, modifications at USDOT 085445K, including replacement of obsolete signal equipment, signs, and pavement markings; upgrade to LED lights; and moving the bungalow to a permanent foundation. Order 01, effective May 22, 2018, in §12(3) states:

Petitioner must notify Commission Staff within 30 days upon completion of this project.

WSDOT did not notify the Commission of completion of the project. However, a review of Commission records shows that Rail Safety staff inspected the crossing on August 13, 2018, and on June 17, 2020. Records and photographs show modifications to the crossing are complete and in compliance with Order 01 in TR-180439.

This matter is now closed.
