Re: Ed's Disposal, Inc. - G-110
Disposal Cost Recovery Filing

On behalf of Ed's Disposal, Inc. - G-110, I am filing certain revised tariff pages and other documents requesting a rate increase effective January 1, 2019. This filing is necessitated by disposal fee increases by the local transfer station owned and operated by Columbia Basin, LLC.

If this filing is approved by the Commission, the hauler's overall revenue will increase approximately 0.72%, or \$19,854. The revenue breakdown is:

	Gross Revenue Increase	Approximate Customer Percent Change
Residential	\$3,905	0.33%
Commercial	\$7,742	0.54%
Drop Box	\$8,207	5.95%
Total	\$19,854	0.72%

This filing is for recovery of disposal fees pursuant to RCW 81.77.160. A copy of the letter of notification from Columbia Basin, LLC is included with the documents being filed.

Included with this filing is an Excel workbook titled [EDS-Rate Calculations Jan2019.xlsx] which is based on disposal workbook previously furnished by staff (170981-BDI-EDS Consolidated Workpapers for GRC 12-8-17_Staff.xlsx). This workbook has rate calculations, customer counts, price-outs both current and proposed. The customer counts are from Ed's Disposal and Basin Disposal's combined filing, TG-170981 and TG-170982, which have residential, commercial and roll-off tonnage summaries.

Revised tariff pages are included with this filing in an Excel workbook titled [ED'S Tariff No 5 Revised Tariff Pages_Jan2019.xlsx]. If these rates are approved by the Washington Utilities and Transportation

Commission they will become effective January 1, 2019. Affected customer will receive notice of the change on the first billing reflecting the revision to rates under WAC 480-70-271(2)(a)(iii)

Additionally, the tariff pages include an administrative page numbering correction. The current tariff on file contains two pages that are labeled "31" that correspond to item 240. Page 32 (item 245) in the original filing was intended to be listed as page 33. The revised tariff pages being submitted within the attached workbook [ED'S Tariff No 5 Revised Tariff Pages_Jan2019.xlsx] makes the administrative corrections.

The Company is requesting exemption from portions of WAC 480-07-520(4) - General rate proceedings-Solid Waste Collection Companies for this filing for recovery of disposal fees.

A copy of this letter has been sent to Jerome Delvin, Chairman of the Benton County Board of Commissioners.

Respectfully,
