State Of WASH.
UTIL. AND TRANSP.
COMMISSION

Subject: WM – Healthcare Solutions of Washington, a division of Waste Management of Washington, Inc. (G-237); Tariff # 2

Enclosed are revised pages 2, 3, 7 and 8 to the above-referenced tariff. The purpose of these tariff revisions is to reflect the increased cost of processing and transporting biomedical wastes. In addition, this filing reflects new service rates to accommodate the significant time and distance to perform on-site management services at each customers location. These revised tariff pages, if approved by the commission, would increase Company regulated revenue and collection rates by approximately \$582,000 (24.5%). Approximately 2,000 customers could be affected by these new and increased rates. We are requesting that the proposed rates to these customers become effective on July 1, 2019.

Enclosed for your review are our accounting workpapers and a draft customer notice. Please note that our filing includes certain documents that contain valuable commercial information and is therefore being submitted in accordance with the procedures established in WAC 480-07-160.

If you have any questions or need additional information, please contact me at:
