Washington Utilities and Transportation Commission,

We are writing in response to the Notice of Penalties Incurred and Due For Violations of Laws and Rules: DG-190891. We received the Notice on December 5, 2019. This constitutes our Notice of Contest. Our reason for contesting is set forth below:

After review of both the document sent to SEFNCO and our own records, we have confirmed that we have no record of working at the address stated - 1809 Crawford St, Deer Park, WA – on June 6th of 2019. We have no record of damages caused to utilities at this location, date, and time.

We are further able to confirm that we performed work at the 1809 Crawford address in August of 2019. We have locate documentation for the work performed in August 2019, which is attached.

Given the above, it appears that this Notice was issued in error. Accordingly, we request a hearing to contest the occurrence of the violation.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Zapf", written over a printed name.
