**RE: Schedule 303—NW Natural’s Environmental Cost Recovery Mechanism  
Annual Tariff Adjustment Filing and 2019 Annual Report**

Dear Mr. Johnson:

Northwest Natural Gas Company, dba NW Natural (NW Natural or Company), files herewith the following revisions to its Tariff Schedule 303:

First Revision of Sheet 303.3	Schedule 303	Washington Environmental Cost Recovery Mechanism
-------------------------------	--------------	--

**Purpose**

The purpose of this filing is to adjust Schedule 303 to recover NW Natural’s environmental remediation expenses incurred between July 1, 2019 and December 31, 2019, consistent with the Washington Utilities and Transportation Commission (Commission) Order 06 in docket UG-181053.<sup>1</sup>

**Background**

Commission Order 01 in docket UG-110199 authorized NW Natural to defer costs associated with environmental remediation efforts at certain sites impacted by the Gasco manufactured gas plant. Order 02 in that same docket required annual reporting and a summary of status for each project. In NW Natural’s 2018 rate case in docket UG-181053, the Company requested, and received, approval to implement an Environmental Cost Recovery Mechanism (ECRM). The ECRM provides for an annual prudence review and cost recovery mechanism of the deferred expenses, subject to certain limitations detailed in Schedule 303. NW Natural provides the enclosed report of NW Natural’s environmental remediation expenses incurred between December 1, 2018 and December 31, 2019. The four Exhibits attached to the report are as follows:

<sup>1</sup> See *Washington Utilities and Transportation Commission vs Northwest Natural Gas Company dba NW Natural*, docket UG-181053, Order 06 ¶ 62.

- Exhibit A - Deferred Environmental Remediation Costs and Insurance Proceeds
- Exhibit B - Task Detail - Deferred Environmental Remediation Costs and Insurance Proceeds
- Exhibit C - Rates Calculation Schedules and Deferral Workpapers
- Exhibit D - Major Reports and Communications with Environmental Regulators<sup>2</sup>

The report also provides a summary of the status of remediation at Gasco.

### **Proposed Changes**

The proposed Schedule 303 adjustments are calculated on an equal-percentage-of margin basis; the calculation of rates for each rate schedule is provided on page 1 of Exhibit C. It should be noted that the proposed Schedule 303 adjustments represent just one of the deferred accounts that will be proposed to be applied to customer rates effective November 1, 2020, due to the Company's upcoming Purchased Gas Adjustment (PGA) filings anticipated to be made on or around September 11, 2020. As such, the bill effects stated herein are provided for illustrative purposes only, and reflect the effect of applying the proposed Schedule 303 adjustments to current billing rates. If there were no other adjustments to rates effective November 1, 2020, the effect of the proposed rates in Schedule 303 is an increase of \$230,278.<sup>3</sup> The average residential Schedule 2 customer using 57 therms would see an increase of \$0.47 per month, and the average Schedule 3 commercial customer using 235 therms would see a bill increase of \$0.61 per month. The bill impact for customers on the other residential and commercial rate schedules is shown on page 2 of Exhibit C.

In support of this filing, the Company provides worksheets showing the derivation of the proposed Schedule 303 adjustments to rates, a worksheet showing deferral accounts 186175 through 186180 balances and the 2019 Annual ECRM Report.

In accordance with WAC 480-90-198, the Company will provide notice to customers as stated in WAC 480-90-194(4). A copy of this notice will be included with the Company's informational PGA combined effects filing, expected to be made on or around September 11, 2020.

The proposed rate change will affect all of NW Natural's Washington sales and transportation service customers. NW Natural currently serves approximately 81,360 residential customers and 7,309 business and industrial customers in the Company's Washington service territory

### **Conclusion**

NW Natural respectfully request that the Commission approve this tariff change to be effective November 1, 2020.

---

<sup>2</sup> Exhibit D will be provided via USB drive and physically mailed following the electronic submission of this report due to its voluminous nature.

<sup>3</sup> Include revenue sensitive factor of 4.158% and details can be found within Exhibit C.
