

UTC Commision

Thank you for considering a brief suspension of service for PACIFIC NORTHWEST DISTRIBUTING LLC/dba Vashon Shuttle.

The cost of Insurance for the company can not be met, when no requests for service have been made in the past 11 months. Our customer bas is with Business travel,

Safe start guidelines from Washington state can not be met using a six passenger minivan,

The costs this year were covered using my personal savings and by taking two additional part time jobs.

My hope is that the working environment will change shortly, an I can safely reopen on March 15 2021.

Sincerely,
Danette Stoner
Pacific Northwest Distributing LLC
