RE: U-210151 Notice of Opportunity to File Written Comments

Dear Mr. Johnson,

Cascade Natural Gas Corporation (Cascade), hereby submits the following comments in accordance with the Notice of Opportunity to File Written Comments (Notice) issued by the Washington Utilities and Transportation Commission (Commission) in Docket U-210151 on March 15, 2021. In the Notice the Commission stated the purpose of the inquiry was to identify filings utilities and stakeholders are obligated to file by statute, rule, or Commission order and determine which of these filings are no longer necessary or could be consolidated.

Cascade has identified each filing it submits to the Commission as required by statute, rule, or Commission order. Some filings are submitted because of an informal request by or long-term understanding with Commission Staff. As such Cascade believes that several reports can either be kept, eliminated, or modified for certain exemptions or interval frequency of reporting.

Attached to this cover letter is an Excel worksheet (U-210151 CNGC Compliance List 04.07.21.xlsx) that contains a list of its annual reporting requirements with notes regarding the Cascade's position on whether a report should be kept, eliminated, or should be modified. For certain reports Cascade has not provided a recommended position; in such instances, Cascade is open to the guidance of the Commission as to whether the reporting regimen should be continued, modified, or eliminated. The electronic attachments are listed below:

If there are any questions regarding this report, please contact me at (509) 734-4549.

Sincerely,

/s/ Christopher Mickelson
