Waste Management of Greater Wenatchee
Attn: Curt Kazen
711-A N. Wenatchee Ave.
Wenatchee, WA 98801

Dear Curt-

It was recently brought to our attention that an error was made in the annual calculation of the Waste Hauler Fee from an employee at Waste Management Inc. This error caused the figures for all waste haulers to be skewed because they reported a higher volume than what was collected, which raised Waste Management's portion of the total tonnage to a higher percent.

Unfortunately, due to this mistake you were not charged the appropriate annual Solid Waste Disposal Fee for 2023. Enclosed is a revised payment schedule from the Douglas County Solid Waste office reflecting the accurate figures. We have distributed the additional fair share portion over the next three quarters to lessen any burden this error may have caused. The overall dollar amount collected by Douglas County Solid Waste has not changed; it is only the 'fair share' for each waste hauler that was modified.

If you have any questions or concerns please do not hesitate to contact me.

Sincerely,

Christina Gapan
