**RE: 2025 Integrated Resource Plan Work Plan Update Compliance with  
WAC 480-90-238 and WAC 480-100-625  
Dockets UE-230806 and UG-230807**

Dear Executive Director Hunter:

Attached please find Puget Sound Energy's ("PSE") updated Work Plan for its 2025 Gas and Electric Integrated Resource Plan ("IRP"). It is filed pursuant to the Washington Utilities and Transportation Commission IRP rules under WAC 480-90-238(4) and WAC 480-100-625(2). The Work Plan includes a description of PSE's public participation plan, summary of methods for assessing resources, and an outline of IRP content.

Since the initial work plan filing PSE convened a new Resource Planning Advisory Group and engaged them and customers in conversations related to our approach and timeline, which is reflected in this updated filing. The updated Work Plan assumes the timeline proposed in PSE's petition to extend the filing date for the electric utility IRP, which was filed in Docket UE-230966 on November 22, 2023. If you have any questions regarding the filing, please contact Kara Durbin at (425) 456-2377. If you have any other questions, please contact me.

Sincerely,

*/s/ Wendy Gerlitz*
