Re: Stericycle of Washington, Inc., G-244 – General Rate Case

Dear Acting Director and Secretary Hunter:

By way of background, on November 13, 2023, Stericycle of Washington, Inc. (“Stericycle”) (G-244) filed its proposed Tariff No. 2, to replace its existing Tariff No. 1. Enclosed with that filing was a copy of the customer notification letter that would be distributed pursuant to WAC 480-70-271. Before receiving a docket number for its filing, however, following discussions with Commission Staff, Stericycle agreed to file an amended proposed Tariff No. 2 with an updated proposed effective date. On November 17, 2023, Stericycle filed the amended proposed Tariff No. 2, but did not re-file the customer notification letter. That filing was eventually assigned the above docket number. Stericycle had attempted to link the two filings so they would be consolidated into one docket, but it appears that was unsuccessful.

Commission Staff has requested that Stericycle re-file the above-referenced customer notification letter in the current docket, which is enclosed for filing with this letter. The letter was distributed pursuant to WAC 480-70-271 on or before November 20, 2023.

To the extent you have any questions about the above, do not hesitate to contact me.

Sincerely,

David S. Steele
