

DECLARATION OF MIKE REILLY

I, Mike Reilly, with a corporate office at 825 S. Waukegan Road, A8 Suite 223, Lake Forest, Illinois, being duly sworn, deposes and states as follows:

1. I am the Vice President, Corporate Controller, and Treasurer of Dense Air, LP (“DAN, LP”).
2. DAN, LP currently holds a 100% ownership interest in Dense Air Networks US, LLC (“DAN US, LLC”), the United States limited liability corporation that is in the process of rolling out the company’s innovative services to communities across the country.
3. DAN US, LLC has filed a Petition for Registration and Competitive Classification with the Washington Utilities and Transportation Commission (“Commission”). Specifically, Dense Air Networks US, LLC seeks to provide Radio Access Network as-a-Service (“RaaS”) to service providers, municipal entities, and other enterprise customers throughout the state of Washington. RaaS uses Open RAN network architecture in combination with Citizens Broadband Radio Service spectrum or licensed spectrum to deliver secure high-speed (4G/5G) connectivity solutions to business customers over a neutral host network infrastructure. The furnishing of RaaS requires certain physical arrangements of equipment and facilities of the Company and other entities and is subject to the availability of such equipment and facilities. Such equipment and facilities will include fiber optic cables, small antennas, and conversion equipment attached to poles and other structures.
4. Building on the success of affiliated companies in the United Kingdom and Europe, DAN US, LLC is focused on the US market, where there is a growing demand for Open RAN technology and an increasing need for sustainable 5G deployment. With the company’s innovative RAN-as a Service (RaaS) solution, DAN US, LLC is uniquely well-positioned to meet these needs in the US through partnerships with large mobile network operators and communities across the country.
5. DAN US, LLC has adequate financial resources to build and deliver the services it plans to offer in Washington State. In addition to its Petition, DAN, LP has provided a letter to the Commission guaranteeing DAN US, LLC’s obligations. 
6. DAN US, LLC is run by an experienced executive team with extensive knowledge of the telecommunications industry and the technical and operational expertise to provide the proposed services. A copy of the Executive Profiles of the following officers is attached as Exhibit 1: Jim Estes, Chief Executive Officer; Doug Lee, Chief Financial Officer; James Wise, Chief Operating Officer. Additional information about the Dense Air companies can be found at: Dense Air (denseair.net).

I hereby certify under penalty of perjury that the foregoing is true and correct.

Executed on April 10, 2024

A handwritten signature in black ink, appearing to read "Mike Reilly", written over a horizontal line.

Mike Reilly

EXHIBIT 1

Jim Estes

CEO Dense Air

Jim Estes is Chief Executive Officer of Dense Air. Over the past 35 years in the telecommunications industry, Jim has held several CEO roles within green field start-ups and rapidly growing private equity backed businesses. As a widely known and respected entrepreneurial business leader, Jim has a strong track record of growth and profitability improvements in telecoms, technology and energy-based product and services companies. He has extensive international experience in Europe, Latin America and Asia, including a five-year expatriate assignment in the United Kingdom. With a strong technical and engineering background and a proven ability to apply that knowledge to successful business strategies and operations, Jim's broad array of expertise and managerial qualities will be key in driving Dense Air's future vision.

CLOSE

Doug Lee

Chief Financial Officer

Doug Lee is Chief Financial Officer of Dense Air. Prior to this, and across over 33 years in finance and 22 years in the telecommunications industry, Doug has held a number of CFO roles with venture capital and private equity backed businesses. He has extensive experience in strategy, corporate development, treasury, accounting and raising capital. Prior to Dense Air, Doug was Chief Financial Officer of two other telecom companies: Peerless Network, Inc. where he was CFO/Co-Founder/Board Member and Teleguam, LLC. Doug also worked as an operating principal for a PE firm and was a consultant for PWC early in his career. Doug holds a Bachelor of Science in Finance from the University of Illinois and attained his CPA certification shortly after graduation. He also received an MBA from the Harvard Business School.

CLOSE

James Wise

Chief Operating Officer

James is Chief Operating Officer of Dense Air. Prior to joining Dense Air, he worked for Network Connex, Goodman Telecom, AT&T and others. With nearly 30 years of experience in the telecoms sector he has had leading roles across every facet of wireless and wireline engineering, site acquisition and construction. At Dense Air James will be responsible for overseeing the US organization's core operations, engineering and all US based deployments. He has an undergraduate degree in Business Management and a Project Management Certificate from Stevens Institute of Technology.

CLOSE

Anthony Lehv

Executive Vice President & General Counsel

H. Anthony Lehv is Executive Vice President and General Counsel of Dense Air and is responsible for all legal matters for the company. Anthony has thirty years' experience working with telecommunications companies both as outside counsel and as a senior in-house legal executive. Prior to joining Dense Air Anthony served as General Counsel of ExteNet Systems for seven years. Anthony also served as General Counsel and Secretary for NextG Networks through its sale to Crown Castle. In addition, Anthony was Senior Vice President and Associate General Counsel with American Tower Corporation from 2001 to 2011. Mr. Lehv began his career as an attorney in private practice in Washington, D.C. representing telecommunications and media companies. Anthony graduated from the University of Michigan with a B.A. in Art History and graduated *summa cum laude* from The Washington College of Law at American University.
