## **NOTICE OF PROPOSED RATE INCREASE**

To Our Valued Customers:

Thank you for your support of our solid waste services. We work hard to provide superior service at the lowest possible price. If allowed, this rate increase will become effective for services rendered on or after April 1, 2025.

Our last general rate increase took effect on May 1, 2023. Since then, we have had significant increases in our business insurance and labor as well as incurring substantial costs for equipment. These increases caused us to file a request with the Washington Utilities and Transportation Commission (the Commission) to increase our rates.

Our proposed rates are reflected on the proceeding pages. For questions about how this increase affects you, please feel free to contact Michael Dietrich at 509-754-2468.

The Commission has the authority to set final rates that may be either lower or higher than the company's request, depending on the results of its investigation. You can comment on the case by using the "Submit a Comment" feature at the Commission's Web site at [www.utc.wa.gov](http://www.utc.wa.gov) or by using the contact information below.
