RE: Substitute - DO NOT REDOCKET
Docket No. UG-950392 – Amendment to Clarify and Extend Term

Dear Mr. Danner:

On May 1, 2009, Puget Sound Energy, Inc. ("PSE" or "Company") filed Revision Seven to the special contract agreement between a predecessor company, Washington Natural Gas Company, and the Boeing Company ("Revision Seven"). The special contract agreement (the "Contract") was approved by the Commission in Docket No. UG-950392. WAC 480-80-143(3) provides that essential terms and conditions of all special contracts are part of the Company's filed tariffs and as such are subject to enforcement, supervision, regulation, control and public inspection as tariffs.

Following discussions with Commission Staff the Company has agreed to provide a revised Revision Seven with an effective date of June 12, 2009. Since the Contract is subject to regulation as a tariff, the Company respectfully requests that the provisions of WAC 480-80-111 be applied to the attached revised Revision Seven to the Contract and it be accepted as a substitute to the Revision Seven filed on May 1, 2009. The only change to the revised Revision Seven is to change the effective date to June 12, 2009 from the original effective date of June 1, 2009. The revised Revision Seven does not make any change to the terms and conditions contained in the original Revision Seven therefore substitution should be allowed.

Very truly yours,
