## External Email

Hi Mike,

Thanks so much for reaching out. It is such a minimal amount that it probably isn't worth your time or mine to do this process. We needed to get it done with or without a grant so thank you anyways and I'll do better next time

We couldn't actually get the product which is why it was past the date.

Have a great vacay.

-Tami

Hi Tami,

We need to do a few things to get the city reimbursed for this project.

The ending date for this project was September 30, 2022. Reimbursement documents were due prior to that date, so we (UTC staff) will need to draft an extension order and a new project agreement. We need a simple email from the city of Rainier explaining why the deadline was missed and requesting an extension. (I would put the date way out like January 31 or later to give us time to do what we need to do on our end).

Once we get the project extension we will need an <u>Invoice Voucher and Expenditure Summary</u> attached to your receipts and an <u>Affidavit of Project Completion</u>. More info on reimbursement is on our website here: <u>Grade Crossing Protective Fund (wa.gov)</u>

I start vacation tomorrow and will be back 12/15.

Mike

## External Email

Attached is a request for reimbursement for the Centre St Rail restriping.

Thank you,

Tami

**Subject:** Grade Crossing Protective Fund Grant

Hi Tami,

On September 30, 2021, the UTC approved a \$400 grant to the Town of Rainier for updating the railroad crossing pavement markings at Centre Street. The project completion date was September 30, 2022. Was this work completed?
