RE: Order 20, Final Order
Docket TC-143691 – Application for Auto Transportation Authority

Dear Mr. King:

Commission Staff reviewed the compliance filing of Shuttle Express, Inc. (Shuttle Express or company) dated March 19, 2018, in response to Order 20 (Final Order) issued November 17, 2017, in docket TC-143691. The company was ordered to: complete and submit to commission staff for review and approval a compliance plan as described in paragraph 149 of the Initial Order (Order 19) within 90 days of the effective date of the Final Order. Paragraph 149 of the Initial Order directed the company to provide a compliance plan to address the company's policies and procedures for complying with regulations related to vehicle and driver safety.

On March 7, 2018, Shuttle Express, submitted a response outlining the company's plan, and procedures and policies that comply with regulations related to driver and vehicle safety. In response to a staff request for additional information the company filed a more detailed response addressing the regulation of drivers and vehicles on March 19, 2018.

Staff has reviewed the submittals and believes that the filings comply fully with the Commission's Order 20, entered November 17, 2017.

Sincerely,

Mat Perkinson, Motor Carrier Safety Manager
Safety and Consumer Protection Division

Mike Young, Section Manager
Water and Transportation Section
