.....

Administrative Law Judge C. Robert Wallis entered Order 07 in this docket on June 29, 2006.

All parties waived the right to seek administrative review, and the Commission on July 6, 2006, notified the parties that it declined to seek administrative review on its own motion.

Therefore, the time for seeking administrative review ended on July 6, 2006, and under RCW 80.01.060(3) the order became final on July 7, 2006, by operation of law.

In allowing this order to become final, the commission finds that the result is appropriate to the facts as found, but does not endorse the order's reasoning and conclusions. If cited in the future, the order must be identified as an ALJ order and its weight, if any, will depend on the quality of the decision.

Sincerely,

CAROLE WASHBURN
Executive Secretary
