## AVISTA UTILITIES INFORMATION SYSTEMS OPERATING COSTS

**Cost Category:** Information Technology Operations

Pro Forma Amount: \$380,205

#### **Cost Description:**

The most significant increase in the Operations category is the result of additional usage of data and voice networks and changes in telecommunication services. The increased usage supports our customers' access to automated transactions on both the WEB and telephone, e.g., electronic bill payment, outage and restoration information, etc. Additional services include the ability to utilize portable technologies such as cell phones with integrated digital cameras and wireless network connected laptops for mobile dispatching and claims processing. Both of these business processes are automated and result in improved efficiency for field staff and improved customer satisfaction due to faster response times to outages.

Property lease rates for communication facilities have increased significantly. Avista's Mt. Spokane facility increased from approximately \$5,000 to approximately \$73,759 per year. These facilities are the core communication sites for all network traffic that manages Avista's electric and gas infrastructure and field communications. The Open Access Transmission Information System (OATI) costs for transmission scheduling is expected to increase as well.

The expected cost increases will be incurred throughout 2010. Attached is a detailed work paper listing each line item net increase in cost. The attached documents represent 2009 and 2010 actual or summary report of invoices paid where they are available.

### Timeline:

These operating costs will be incurred by December 31, 2010. (See individual attachments for more details.)

#### Notes:

 During the course of Avista's pending general rate case, updated information will be available for audit.

#### JUST FOR YOUR BUSINESS

AT&T will charge a \$25 fee for any check returned for insufficient funds, applied to your next invoice. AT&T values your business and thanks you for your cooperation in this matter.

#### \*\*\*\*\*\*\*

From time to time, AT&T may change the names of services, Service Capabilities, or Service Components, or other terminology. The old terminology may remain in use for some time after such changes (such as in contract documents and billing records). For example, your customer bill and other customer documents may refer to Private Line Service (PLS) as Accumet, and may refer to DSO service as Accumet Spectrum of Digital Services (ASDS) or Single Channel Service. Should you have any questions about the service name appearing on your bill, please refer to the 'Table of Changed Terminology' located in the ATET Service Guides and applicable state tariffs.

#### **REGULATORY NEWS**

Your telecommunications services are provided by one or more of the following AT&T Corp. subsidiaries based on the type of service provided, and the location at which it is provided: AT&T Communications of (State), and or TCG (State). To view service publications go to att.com/servicepublications and click on the Service Guide and or Tariff.

#### \*\*\*\*\*\*

Bill Period is the monthly period that the customer's bill processing started and ended. The Usage is usually billed within the current Bill Period and Monthly Recurring Charges (MRCs) are billed one month in advance.

#### For example:

Invoice date April 1, Usage/Bill Period March 1 through March 31, MRCs April 1 through April 30 Invoice date April 11, Usage/Bill Period March 11 through April 10, MRCs April 11 through May 10 Invoice date April 19, Usage/Bill Period March 19 through April 18, MRCs April 19 through Hay 18.

#### \*\*\*\*\*\*

#### Attention Valued AT&T Customers

If your invoice includes any back-billed charges, you have the right to pay these charges in full with your regular bill, or to call ATET to make reasonable payment arrangements. You may choose to pay the back-billed amount in monthly installments equal to the number of back-billed months. Please take note that you must pay the full amount of your phone bill each month, including installments to repay back billed - charges, in order to avoid possible disconnection and other charges and penalties. If you are interested in using this payment method for any back-billed amount, please call AT&T on the toll-free number located on your bill.

#### \*\*\*\*\*\*

If your business makes outbound telephone solicitations, you must comply with federal do-no-call laws and regulations (47 C.F.R.64.1200, and 16 C.F.R.310) and any applicable state laws.

#### **REGULATORY\_NEWS**

(continued)

Federal regulation requires AT&T to inform our valued customers that basic local services will not be disconnected for the non-payment of your non-regulated service charges. To avoid collection activity, please remember to pay all charges by the due date.

In addition, you may experience disconnection of your basic local service if payment is not received for the Long Distance portion of your bill except in the following states: Alabama, Arizona, Colorado, Hawaii, Idaho, Indiana, Iowa, Maryland, Michigan, Minnesota, Missouri, New Mexico, New York, New Jersey, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Texas, Utah, Vermont, Virginia, Washington.

#### \*\*\*\*\*\*\*\*\*\*\*

AT&T Calling Card is a US-based telecommunications service provided by AT&T Corp. Worldwide access is provided on a bilateral basis in cooperation with AT&T's correspondent carriers in non-US jurisdictions, and in accordance with the Regulations of the International Telecommunications Union, as applicable.

#### \*\*\*\*\*\*\*

DO NOT CALL

If your business makes outbound telephone solicitations, you must comply with federal do-not-call laws and regulations (47 C.F.R. 64.1200 and 16 C.F.R. 310) and any applicable state laws.

\*\*\*\*Important News About Your Account\*\*\*

You are requested to provide in writing to AT&T, within six months of the date of this bill, any dispute with respect to the charges on this bill, unless a different notification period applies under your contract, State Tariff and/or Service Guide.

You can reach AT&T either by using the toll free number on your bill, or in writing at the address listed at the top of the first page of your invoice.

#### \*\*\*\*\*\*\*

If you receive service pursuant to a signed contract or other term agreement with AT&T and it is currently in effect, its terms will govern the provision of your AT&T service.

AT&I's standard contract for detariffed services not covered by a signed contract or term agreement, including expired contracts or term plans that are not renewed, can be found at: att.com/agreement. Important limits of liability apply, including: AT&I is not liable for indirect or consequential damages (such as your lost profits or other economic loss), and direct damages during any 12 months cannot exceed one month of your payments for affected service(s).

Additional terms, conditions, charges and price change information for all detariffed business services can be viewed at http://www.att.com/serviceguide/business. If you do not have access to the Internet, please contact your ATRT Sales Representative or Customer Care Center for information.

#### \*\*\*\*\*\*

Please pay your bill in full within 30 days of the invoice date or we will consider your account past due.

Ceil

We have a contract with Washington State Parks and Recreation Commission for a comm site lease on Mount Spokane. Brent Schlangen said he believes you are handling the land leases now so that's why I'm contacting you.

WSPRC sent us an invoice in March (invoice L175000AVI1) for \$5,089.90 to cover the period 04/01/08-04/01/09. The invoice was paid in April.

Back in 2006, it looks like a repeat payment request was set up in Accounts Payable for the same lease agreement, and that payment for 04/01/08-04/01/09 went out in March (\$5,058.90).

Bottom line - it looks like we've paid WSPRC twice for this lease.

How do you suggest we go about getting a refund of the overpayment?

Thanks Linda

## AVISTA UTILITIES INFORMATION SYSTEMS OPERATING COSTS

Cost Category: General Expenses

Pro Forma Amount: \$232,512

## **Cost Description:**

The most significant increases in the general expenses category are the result of new training and technology tools to support the new applications and network that Avista customers and employees depend on to transact business.

Attached are several invoices conveying the cost of professional training completed in January and February of 2010. Attached is a copy of the training plan for 2010. Once the training is complete, the technology tools will be purchased for the new staff.

### Timeline:

These operating costs will be incurred by December 31, 2010. (See individual attachments for more details.)

#### Notes:

 During the course of Avista's pending general rate case, updated information will be available for audit.

## AVISTA UTILITIES INFORMATION SYSTEMS OPERATING COSTS

Cost Category: Software/Hardware Operating and License Fees

Pro Forma Amount: \$908,545

### **Cost Description:**

The most significant increases in the Software/Hardware Operating and License Fees category is the result of; new software applications, existing maintenance fee increases, and increases in the number of operating licenses over 2009 levels.

New applications such as mobile dispatching for electric crews, requires additional software licenses for crews to access the application. With certain software licenses utilized by the Company, there are annual contract license fee increases. Finally, with the addition of staff, new licenses for the staff to access existing software applications is required to be compliant with the software manufacturers.

For each new critical piece of technology hardware, Avista pays a maintenance fee to ensure that the Company is in compliance with the manufacturer requirements for service of the hardware. The customer benefits by systems they rely on, such as the Web, telephone systems, and meter reading data storage systems. With certain hardware and operating system licenses currently utilized by the Company, there are annual contract license fee increases. The expected cost increases will be incurred throughout 2010.

Attached is a detailed work paper listing each line item net increase in cost. The attached documents represent 2009 and 2010 actual or summary report of invoices paid where they are available.

### Timeline:

These operating costs will be incurred by December 31, 2010. (See individual attachments for more details.)

#### Notes:

 During the course of Avista's pending general rate case, updated information will be available for audit.

## AVISTA UTILITIES INFORMATION SYSTEMS OPERATING COSTS

Cost Category: Professional Services – Network Engineering/Security/Compliance Support

**Pro Forma Amount:** \$1,488,757

## **Cost Description:**

The most significant increases in the Professional Services Network Engineering/Security/Compliance Support category are the result of: new staff to engineer and support the new distribution automation network, customer and employee communication network, electric mobile dispatch network, new NERC security compliance and Avista's enterprise business continuity program.

Attached is a detailed work paper listing each line item net increase in costs. The attached documents represent 2009 and 2010 actual or summary report of invoices paid where they are available.

#### Timeline:

These operating costs will be incurred by December 31, 2010. (See individual attachments for more details.)

#### Notes:

- During the course of Avista's pending general rate case, updated information will be available for audit
- Some of the information provided in the attached supporting documentation is confidential per WAC 480-07-160.
