RE: Filing of National Renewable Energy Laboratory annual report in *Order approving Tariff Filing, Offering Voluntary Long Term Renewable Energy*
Docket UE-160977

Dear Mr. Johnson:

On September 28, 2016, the Washington Utilities and Transportation Commission (Commission) entered Order 01 *Order approving Tariff Filing, Offering Voluntary Long Term Renewable Energy* (Order 01) in the above-referenced docket. Order 01, among other things, required Puget Sound Energy (PSE or Company) to provide the Company's annual National Renewable Energy Laboratory's (NREL) report to this docket.¹

On July 31, 2018, PSE filed with the Commission its NREL Utility Green Pricing Program Survey (2017 data) (Report). The Company's Report provides summary information regarding the status of green power supplied to its customers in 2017.

Commission Staff (Staff) reviewed the compliance filing provided by PSE dated July 31, 2018, and finds that it meets of the compliance requirements in Order 01. Therefore, Staff believes that the filing complies with the Commission's Order 01.

Sincerely,

David Nigthingale, C.E.M.
Senior Regulatory Engineering Specialist

¹Order 01, paragraph 10.
