2005 Mo. Avg.	90.0	5,000	1.8%	16.0

---

<sup>1</sup> From Jan '04 through April '05 Verizon tracked LPC-eligible counts as if the proposed tariff had been in effect. Beginning with May '05 the report tracks actual LPC's assessed on residential customers.

<sup>2</sup> Source: Residential billed customer lines

<sup>3</sup> Column (b) divided by Column (c)

<sup>4</sup> Includes all residential local service disconnects (no dialtone) including packages, measured service, and basic service.
