**Re: Advice No. W21-05-01, Substitute Compliance Filing  
UG-200568, Cascade Natural Gas Corporation General Rate Case**

Dear Mr. Johnson,

Cascade Natural Gas Corporation (Cascade or Company) submits the attached substitute filing in accordance with Commission Order No. 05 (Order 05), issued at the conclusion of the Company's 2020 general rate case in docket No. UG-200568. The Company submits the following revisions to its Tariff WN U-3, which are stated to become effective July 1, 2021:

Substitute Seventh Revision Sheet No. 6	Substitute Eleventh Revision Sheet No. 597
Substitute Seventh Revision Sheet No. 6-A	Substitute Twentieth Revision Sheet No. 663
Substitute Second Revision Sheet No. 6-B	Substitute Eighth Revision Sheet No. 663-A
Substitute Seventh Revision Sheet No. 25	Substitute First Revision Sheet No. 663-B
Substitute Sixty-Third Revision Sheet No. 503	Substitute First Revision Sheet No. 663-C
Substitute Forty-Seventh Revision Sheet No. 504	Substitute First Revision Sheet No. 663-D
Substitute Forty-Sixth Revision Sheet No. 505	Substitute First Revision Sheet No. 663-F
Substitute Sixty-Fourth Revision Sheet No. 511	Substitute First Revision Sheet No. 663-G
Substitute Fifty-Eighth Revision Sheet No. 570	Substitute First Revision Sheet No. 663-H

In accordance with the terms adopted in Order 05 in docket UG-200568, this filing will decrease the Company's revenues by \$390,563 or 0.15 percent. Commission Staff and the Company identified billing determinants related to Rate Schedule 511 that required further adjustment to meet the compliance requirements of Order 05. The tariffs provided herein are reflective of these proposed corrections and replace compliance tariffs filed by the Company on May 21, 2021 in their entirety.

The tariff changes proposed herein are consistent with the tariff revisions proposed in the Direct Testimony of Pamela J. Archer included in the Company's initial general rate case filing as Exhibit PJA-1T. The exception to these changes is schedule No. 597, which is revised in order to zero out rates in effect November 1, 2020, per WUTC Pipeline Replacement Policy Statement.
