1 II. BACKGROUND INFORMATION

2  
3 I submitted data requests to the parties on February 24, March 4 and March 17, 2009  
4 and am continuing to received amended or additional responses as of March 17, 2009, or 15  
5 days following the date of my requests, which is making it difficult to prepare my arguments.  
6 Therefore, I request that the hearing to take testimony be rescheduled from March 30 and 31,  
7 2009 to at least the end of April as responses to my follow-up requests made on March 17,  
8 2009 are due March 31, 2009. These requests were follow-up on responses to data requests  
9 made on February 24, 2009 and received via US mail on March 12, 2009. Additionally, these  
10 requests involve the possibility of settlement that was mentioned in an email that was included  
11 in the March 12, 2009 response to my February 24, 2009 data request. In addition, due to  
12 unforeseen responsibilities I will not be available on March 30 and 31.
