Docket UE-210795**

Dear Acting Director Hunter:

Pursuant to WAC 480-07-835, Puget Sound Energy (“PSE”) is seeking clarification for one issue contained in the Commission’s Order 10, issued in the above-referenced docket on September 18, 2023. Specifically, PSE is concerned that Order 10 directs PSE to assign participatory funding costs in part to natural gas customers. PSE considered the most efficient method for raising this issue and ultimately determined that a motion for clarification is the appropriate and most efficient process. Therefore, enclosed for filing on behalf of Puget Sound Energy, please find the following documents:

1. Puget Sound Energy’s Motion for Clarification of Order 10, and
2. Certificate of Service.

Very truly yours,
