RE: *UTC v. Avista Corporation d/b/a Avista Utilities*
Dockets UE-090134/UG-090135/UG-060518 (consolidated)

Dear Mr. Danner:

Enclosed for filing in the above-referenced docket, pursuant to WAC 480-07-460(1)(b), are the original and 17 copies of the Errata to Testimony and Exhibit No. ____ (DPK-2) of Danny P. Kermode, and Certificate of Service.

On October 12, 2009, Staff filed revised testimony for Danny P. Kermode recognizing revisions reflected in the proposed settlement and in accepted adjustments in rebuttal testimony Exhibit No. ____ (DPK-1T). Upon review by Staff, it was noted that the document contained typographical errors making the testimony inconsistent with the filed Exhibit No. ____ (DPK-2). In addition, Staff noted that adjustments reflected in Ms. LaRue's testimony were not consistent with amounts included in Exhibit No. ____ (DPK-2).

Attached are redlined replacement pages of Mr. Kermode's testimony that contain the corrected amounts. Further, replacement pages for Bench Request #2 – supplemental are being provided that include the amounts reflected in Ms. LaRue's testimony and exhibits. Staff apologizes for the inconvenience.

Sincerely,

GREGORY J. TRAUTMAN
Assistant Attorney General
