I have referred your question to Dennis Moss, the Administrative Law Judge managing the case. He will be the best person to work through how best to participate in the proceeding.

My best,

Subject: PSE concerns

Dear WUTC Commissioners-
How do ratepayers testify regarding the PSE shell company for LNG?

I believe they are grossly overstating the amount to be used for peak shaving so they can build their "for profit" part of the project with ratepayers money.

Please ask to see their records the last 5 years on how much LNG they used for peak shaving in Puget Sound Region.

As a ratepayer and citizen and taxpayer I am extremely upset by this travesty and am asking for a voice!

Sincerely,
Ann Locsin
