**NOTICE GRANTING REQUEST FOR EXTENSION OF TIME**  
**(Compliance Report Due by April 25, 2014)**

Re: *Benton County, v. BNSF Railway Company*  
Docket TR-100572

TO ALL PARTIES:

On February 15, 2011, the Washington Utilities and Transportation Commission (Commission) entered Order 06 – Initial Order Granting Benton County’s Petition for an At-Grade Railroad Crossing, Subject to Conditions (Order 06) in the above matter. Order 06 became final on March 8, 2011.

The Commission’s grant of authority was conditioned by requiring that Benton County monitor and document vehicular and train traffic at the crossing in terms of the numbers and composition of each, including the nature of the cargo transported at the site, for a period of ten years, with Benton County providing this documentation in annual reports filed with the Commission within ten days of the anniversary date of this Order.<sup>1</sup>

On February 26, 2014, Benton County filed a letter with the Commission requesting a sixty day extension of time to file its annual compliance report as required in Order 06. Benton County indicates due to a change in personnel, there is a delay in the collection of the data required and the additional time is needed to provide a more accurate compliance report. The Commission finds good cause to grant the request.

---

<sup>1</sup> The compliance filing deadline is February 25.

**NOTICE IS HEREBY GIVEN That the request for extension of time filed by Benton County is granted and the deadline to file its 2014 compliance report in accordance with Order 06 is extended from February 25, 2014, to April 25, 2014.**
