RE: Case No. 1024 Data Request  
360networks (USA) inc.

Dear Ms. Washburn:

This responds to the Data Request dated October 23, 2003 regarding the FCC's preliminary decision in its Triennial Review.

360networks (USA) inc. does not currently provide local exchange, regulated, end-user, retail service, nor does it have any current interconnection agreements with the local incumbent or any other local carriers in Washington.

360networks finds that the questions are not applicable to its current operations and believes that the Not Applicable responses to the data requests would be of no value to the Commission. As such, 360networks hereby respectfully requests the acceptance of this letter in response to the data requests.

If you have any questions regarding this submittal, you may contact me directly at 303-854-5210.

Respectfully submitted,

Charles Forst
