Re: *Washington Utilities and Transportation Commission v. Puget Sound Energy*,
Docket UE-200980

TO ALL PARTIES:

On June 1, 2021, the Washington Utilities and Transportation Commission (Commission) entered Order 05; Final Order Approving and Adopting Settlement Agreement (Order 05) in this docket. Order 05, among other things, required Puget Sound Energy (PSE or Company) and other settling parties to participate in Collaborative discussions on the treatment of Energy Imbalance Market (EIM) costs and benefits.

On November 22, 2021, PSE filed an EIM collaborative summary report (Report).

On December 29, 2021, Commission staff (Staff) filed a letter likewise reporting on the collaborative discussions and their outcome.

The Commission has reviewed the Report and Staff's letter of December 29, 2021, and finds that the workshops described therein comply with the requirements of Order 05 for collaborative discussions about EIM costs and benefits. The results of those workshops will be considered in PSE's next general rate case.
