Dear Commissioners:

Another news flash included in my most recent Avista bill, "Avista requests electric and natural gas rate increase in Washington". What news!!!!

Avista, being the only utility provider in my geographic area, again hope to gouge its residents, and in particular, the retired, elderly who are on limited incomes. It may come to whether we heat our home, eat, or pay our medical insurance and bills.

I am sick of this greedy company.....and not alone in my opinion. Can't anything stop them?

Great idea!! Why don't their executives and managers give up their 'bonuses' and large pay increases next year....can't they live on what Avista pays them?

Sincerely,

Linda Morris
