

Exhibit DTA-5

*PSE Response to IBEW Data Request No. 005,
Attachment A (PSE Employee Terminations from 2010 to
2018)*

TESTIMONY OF

D. Timothy Arnold

In Opposition to the Multiparty Settlement Stipulation on Behalf of IBEW 77

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

**Docket U-180680
Sale of Non-Controlling Interest in Puget Holdings LLC**

IBEW LOCAL 77 DATA REQUEST NO. 005

IBEW LOCAL 77 DATA REQUEST NO. 005

Please identify employee turnover and/or attrition by department and classification from 2010 to present.

Response:

Each of the Joint Applicants objects to IBEW Local 77 Data Request No. 005 as beyond the scope of IBEW Local 77's participation in this matter as provided by the WUTC in Prehearing Order 03, paragraph 23, which limits IBEW Local 77's participation as follows:

IBEW . . . will be limited to matters specifically addressing the safety and reliability of service to customers where its members are actually involved in the provision of such service. However, in the event it becomes clear later in the proceeding that either UA Local 32's or IBEW's continued participation is not in the public interest, the Commission has authority to dismiss either, or both, as an intervenor.

In particular, the WUTC in Prehearing Order 03, paragraph 22, identified topics that were outside of the Commission's review, such as what is requested in IBEW Local 77 Data Request No. 005:

As discussed above, employment issues such as workplace changes, labor contracts, wages, hours, and staffing are outside the Commission's purview.

Each of the Joint Applicants also objects to IBEW Local 77 Data Request No. 005 as overbroad because it exceeds the narrow scope of this proceeding and is not likely to lead to the discovery of evidence relevant to the possible harms associated with the proposed transactions. Given that discovery in this proceeding must be "narrowly defined and focused on the proposed transaction," (Docket U-180680, Order 01 at 8), information regarding Puget Sound Energy ("PSE") employee turnover and/or attrition by department and classification from 2010 to present is not reasonably probative for consideration of the proposed transactions.

Each of the Joint Applicants further objects to IBEW Local 77 Data Request No. 005 as overbroad and unduly burdensome as it requests information for the past nine years.

Subject to and notwithstanding these objections, the Joint Applicants respond as follows.

Attached as Attachment A to the Joint Applicants' Response to IBEW Local 77 Data Request No. 005 is an MS Excel spreadsheet that lists the counts of employees of PSE represented by IBEW Local 77 whose employment with PSE has terminated, sorted by group, cost center and position. Some of the employees included in the counts terminated from PSE after a period of time on paid Long-Term Disability and may have stopped actively working prior to January 1, 2010. They are included based on their separation date with PSE.
