RE: Docket No. UG-950326, In re Cascade Natural Gas Corporation
Docket No. UG-951415, WUTC v. Cascade Natural Gas Corporation

TO PARTIES OF RECORD:

A prehearing conference was held in the above matter on February 15, 1996, before Administrative Law Judge Terrence Stapleton (ALJ). On February 26, 1996, the ALJ entered the Second Supplemental Order on Prehearing Conference. Among other rulings, the order denied the petition of Northwest Natural Gas Company (NNG) to intervene.

On March 8, 1996, NNG filed a petition entitled "Objection to Second Supplemental Order on Prehearing Conference and Denial of Petition to Intervene and Motion for Reconsideration." The Commission will treat the filing as a petition for interlocutory review of the Second Supplemental Order.

The Commission will accept answers NNG's petition until the close of business on March 18, 1996.

Sincerely,

STEVE McLELLAN
Secretary
