**PSE Data Request No. 21 to NWEC:**

(Ref.: N.L. Glaser Testimony, page 10, lines 7, through page 12, line 8)

- Q.** Please provide copies of, and citations, to any and all workpapers, articles, publications or other documentation (including but not limited to any electronic workpapers, articles, publications or other documentation) that projects how each low income agency intends to spend its share of Ms. Glaser's recommendation of an additional \$1,000,000 a year across PSE's service territory in low-income weatherization funding.
- A.** If this request is for a work plan for the increased increment of funding, no such documentation is available. Agencies generally match their production to the level of funding of which they are assured. We do not recruit candidates for whom we cannot provide service. If this request is to clarify how secured funding is used, please refer to the Washington State Low-Income Weatherization Assistance Plan June 2006 weatherization specifications, available at:
