) PETITION FOR COMPETITIVE
) CLASSIFICATION

BACKGROUND

By petition filed October 3, 2000, in Docket UT-001501, Time Warner Telecom of Washington, LLC, (Time Warner) seeks registration as a telecommunications company and classification as a competitive telecommunications company pursuant to RCW 80.36.350 and 80.36.320. Time Warner also filed an initial price list.

DISCUSSION

ime Warner proposes to register with the Commission as a telecommunications company to offer the services specified in Exhibit A of its application. Services specified in Exhibit A but not included in its initial price list may not be offered until applicant amends its price list to include the description of service with rates and charges. In support of its petition, Time Warner asserts that its services compete with other interexchange and local exchange carriers' telecommunication services. Time Warner states that customers have readily available equivalent alternatives and that there are no captive customers of the Company's services.

Time Warner is a Delaware corporation, headquartered in Littleton, Colorado, and is owned by Time Warner Telecom Holdings, Inc. Rates, terms, and conditions set forth in the initial price list are structured similarly to rates filed by other interexchange and local exchange carriers for calls placed in the relevant market.

Time Warner has provided information showing that it meets the requirements of RCW 80.36.350. Applicant does not propose to provide prepaid calling services.

In conjunction with classification, the Company is seeking waiver of:

- RCW 80.04.300 Budgets to be filed by companies--Supplementary budgets
RCW 80.04.310 Commission's control over expenditures
RCW 80.04.320 Budget rules
RCW 80.04.330 Effect of unauthorized expenditure--Emergencies
RCW 80.04.360 Earnings in excess of reasonable rate--Consideration in fixing rates
RCW 80.04.460 Investigation of accidents

Rules invoked include WAC 480-120-022, WAC 480-120-023, WAC 480-120-024, and WAC 480-120-025. Statutes invoked include RCW 80.36.320 and RCW 80.36.350. The ultimate issues are whether Time Warner should be registered as a telecommunications company, whether it should be classified as a competitive telecommunications company, and the extent to which it should be relieved of regulatory requirements to which it would otherwise be subject.

This matter was brought before the Commission at its regularly scheduled open meeting on October 25, 2000. The Commissioners, having been fully advised in the matter, and having determined the following order to be consistent with the public interest, directed the Secretary to enter the following order and related provisions.
