

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

No. _____

Revised
March 2004

PETITION

City of Othello, Petitioner
Dick Lee, Public Works Director
vs.

Road Name Scootney Street at
Milwaukee Main Line
W.U.T.C. Crossing No. _____

BNSF (CBRR), Respondent

D.O.T. Crossing No. _____
New Crossing at Scootney Street

Application is hereby made to the Washington Utilities and Transportation Commission for an order (check one or more of the following)

- directing the CONSTRUCTION of a grade crossing;
(construction-reconstruction-relocation)
- directing installation of automatic grade crossing signal or other warning device (other than crossbucks) at a new crossing;
- directing _____ of warning devices at an existing crossing;
(replacement-change-upgrade)
- allocating funds from the "grade crossing protective fund" for _____ of active warning devices; (installation and/or maintenance)
- authorizing the construction of the project, funding to be pursuant to the Intermodal Surface Transportation Efficiency Act (ISTEA) in cooperation with the Washington State Department of Transportation Local Programs Division;

at the railroad grade crossing identified above and described in this petition. This application seeks the relief specified above by (check one of the following)

- hearing and order
- order without hearing

- YES NO Has application for funding, pursuant to Intermodal Surface Transportation Efficiency Act been made to the Local Programs Division for this project?
- YES NO If the answer is yes to the question above, has the funding requested under the Intermodal Surface Transportation Efficiency Act been denied?

I certify under penalty of perjury that the information provided in and with this petition is true and correct.

City-State-ZIP Code

INTERROGATORIES
Use additional paper as needed

[1]

State name of highway and railway at crossing intersection:

Existing or proposed highway N/A mile post _____

Existing or proposed railway BNSF (CBRR) mile post 1987 + 3160

Located in NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Sec. 4 Twp. 15N Range 29E W.M.

WUTC crossing number _____ DOT crossing number _____

Street Scootney Street City Othello County Adams
(if applicable) (if applicable)
at Mailwaukee Main Line

[2]

Character of crossing (indicate with X or numbers where applicable):

(a) Common Carrier () Logging or Industrial ()

(b) Main Line () Branch Line (X) Siding or Spur ()
to Royal City

(c) Total number of tracks at crossing one
(Note: A track separated 100 feet or more from another track constitutes a separate crossing.)

(d) Operating maximum train speed: Legal maximum train speed:

Passenger _____ MPH	Passenger _____ MPH
Freight _____ MPH	Freight <u>10</u> MPH

(e) Actual or estimated train traffic in 24 hours:

Passenger Trains - Freight Trains 52 switch movements per year
(Note: Round trip counted as two trains. Include switch movements.) over old main line, if
Royal City is reopened.

[3]

Character of Roadway:

(a) State Highway-Classification N/A

(b) County Highway-Classification N/A

(c) City Street-Classification Industrial access road

(d) Number of traffic lanes existing in each direction: one
Number of additional traffic lanes proposed: _____

(e) Posted vehicle speed limit: Automobiles 25 MPH Trucks 25 MPH

(f) Estimated vehicle traffic in 24 hours: Current total -, including - trucks and
- school bus trips. Projected traffic in 5 years: total 200, including 100 trucks
and 0 school bus trips. (see SEPA checklist)

[4]

(a) If temporary, state for what purpose crossing is to be used and for how long.

N/A

(b) If temporary grade crossing, will you remove the crossing at completion of the activity requiring the temporary crossing?

N/A

[5]

(a) State whether or not a safer location for a grade crossing exists within a reasonable distance in either direction from the proposed point of crossing, and if so, what reason, if any, why this safer location should not be adopted, even though in doing so, it may be necessary to relocate a portion of the highway or railway.

There is no other right of ways through the developed area on the east side of the tracks.

(b) Are there any hillsides, earth, or other embankments, buildings, trees, orchards, side tracks (on which cars might be spotted), loading platforms, etc., in the vicinity not feasible to move, which may obstruct the view and which can be avoided by relocating the proposed crossing. Would it be practical to do so? Please describe.

No.

[6]

(a) Is it feasible to construct and use an over or under crossing at the intersection of said railway and highway? If not, state why.

No; the grade does not lend itself to a grade separation.

(b) Does the railway line at any point in the vicinity of the proposed crossing pass over a fill or trestle or through a cut where it is feasible to construct an under or over crossing, even though it may be necessary to relocate a portion of the highway to reach that point?

No.

(c) If a suitable place for an under - or over - crossing exists in the vicinity of the proposed crossing, state the distance and direction from the proposed crossing; the approximate cost of construction; and what, if any, reason exists why it should not be constructed.

N/A.

(a) State approximate distance to nearest public or private crossing in each direction of railroad involved herein.

1/2 mile north is Main Street crossing.

(b) If there is an existing crossing in near vicinity, or if more than one crossing is proposed, is it feasible to divert highways served and to be served by existing and proposed crossings, thus eliminating the need for more than one crossing? The area has no legal access, yet there are three businesses located here with room for more. Without new industry, the rail will have very little traffic.

(c) If so, state approximate cost of highway relocation to effect such changes.

(d) Will the proposed crossing eliminate the need for one or more existing crossings in the vicinity? If so, state direction and approximate distance to the crossing or crossings.

Yes; the two private crossings at Moon Street 3/8 of mile south.

(e) If this crossing is authorized, do you propose to close any existing crossing or crossings?

Yes; Moon Street private crossing.

State the lengths of views which are now available along the line of railway to travelers on the highway when approaching the crossing from either side of the railway and when at points on the highway as follows:

Milwaukee mainline
 Approaching crossing from east (direction) an unobstructed view to

right when on highway 300 feet from crossing of	<u>1000</u>	feet
right when on highway 200 feet from crossing of	<u>2000</u>	feet
right when on highway 100 feet from crossing of	<u>3000</u>	feet
right when on highway 50 feet from crossing of	<u>4000</u>	feet
right when on highway 25 feet from crossing of	<u>4000</u>	feet
left when on highway 300 feet from crossing of	<u>1000</u>	feet
left when on highway 200 feet from crossing of	<u>2000</u>	feet
left when on highway 100 feet from crossing of	<u>3000</u>	feet
left when on highway 50 feet from crossing of	<u>3000</u>	feet
left when on highway 25 feet from crossing of	<u>4000</u>	feet

Approaching crossing from (opposite direction) an unobstructed view to

right when on highway 300 feet from crossing of	<u>3000</u>	feet
right when on highway 200 feet from crossing of	<u>3000</u>	feet
right when on highway 100 feet from crossing of	<u>3000</u>	feet
right when on highway 50 feet from crossing of	<u>3000</u>	feet
right when on highway 25 feet from crossing of	<u>3000</u>	feet
left when on highway 300 feet from crossing of	<u>4000</u>	feet
left when on highway 200 feet from crossing of	<u>4000</u>	feet
left when on highway 100 feet from crossing of	<u>4000</u>	feet
left when on highway 50 feet from crossing of	<u>4000</u>	feet
left when on highway 25 feet from crossing of	<u>4000</u>	feet

RESPONDENT'S WAIVER OF HEARING

Docket No. _____

Petition of City of Othello

for Scootney Street Crossing of Milwaukee Main Line.

I have investigated the conditions existing at and in the vicinity of the proposed crossing changes. As a result, [check one or more of the following, as appropriate:]

I am satisfied that conditions are as represented in the petition and the interrogatories and that the petition should be granted.

The cost of installation (estimated at \$ _____) is acceptable,

subject to approval and apportionment pursuant to the Intermodal Surface Transportation Act by the Washington State Department of Transportation Local Programs Division.

as apportioned between the parties.

to be paid by petitioner.

Other conditions to waiver of hearing:

The undersigned hereby waives hearing and further notice. The Washington Utilities and Transportation Commission may enter a final order without further notice or hearing.

Dated at _____, Washington, on this _____ day of _____, 19 _____.

Respondent BNSF (CBRR)

by _____

Print Name: _____

Title: _____

INSTRUCTIONS

General

Petition forms with the interrogatories fully and correctly answered should be filed with the Washington Utilities and Transportation Commission, Chandler Plaza, 1300 S. Evergreen Park Drive SW, Olympia, Washington, 98504. Blank forms may be obtained from the same address. All pleadings herein shall conform with WAC 480-09-420 and 425 of the Commission's Rules of Practice and Procedure.

Number of Copies

File the original and one copy if the "Waiver of Hearing by Respondent" is filled out. If petitioner intends that the Commission serve the respondent, the original and two copies should be filed. If the petitioner serves the respondent, a certificate of service in conformity with the requirements of WAC 480-09-120 of the Commission's Rules of Practice and Procedure must be filed.

Parties Who May Petition or Respond

In general, the following persons may file or respond to a petition: highway authorities (city, county, or state), railroad companies, and state agencies with lawful authority to construct and maintain public highways (RCW 81.53.030 and 060). In situations where there may be more than one party of interest as either a petitioner or a respondent, all parties should be joined.

Waiver of Hearing by Respondent

The proceeding can usually be expedited by submitting the application to the respondent and securing the execution of the "Waiver of Hearing by Respondent". As an alternative, respondent may file a separate "Answer." If the pleadings show that the respondent has no objection, an order may be entered without hearing at the discretion of the Commission, unless the public interest appears to require hearing and unless hearing is required under the terms of RCW 81.53.030 or 060. In all other cases, the petition will be set for hearing.

Crossing Construction

Applications for crossing state highways should be submitted in duplicate to the District Highway Engineer in the locality for his recommendation to be attached and forwarded to the State Department of Transportation Secretary, Olympia.

A party, after having been granted authority by the Commission to construct a crossing, must acquire right of way or easement because the order of the Commission merely relates to public safety and grants only the right to cross, subject to acquiring a right of way or easement.

Time for Replying to a Petition

A petition not answered within 20 days of the date of service, shall be deemed denied and may be set for hearing. If a qualified or conditional answer is filed by the respondent, the petitioner may file a "Reply" within 10 days of the date the "Answer" is served.
