WUTC Staff Data Requests for Group A Companies

Dear ILEC:

The Commission Staff is in the process of performing an independent study of the [Missoula Plan](#) and its potential impact(s) on Washington State Telecommunications Companies. It would be very helpful if your company would provide the information requested in the enclosure to this letter.

If a response contains sensitive information, RCW [80.04.095](#) provides an opportunity for companies to submit documents under a claim of confidentiality.

Please direct all responses to these requests to the Commission's Records Center in Docket UT-061284. To save time and paper, we encourage you to send your responses in any commonly-readable electronic form via the [Commission's web portal](#). It would be most helpful if your responses were received by **September 15, 2006**. Any questions concerning these Data Requests should be directed to Jing Roth at (360) 664-1291, via email at [jroth@wutc.wa.gov](mailto:jroth@wutc.wa.gov), or to Tim Zawislak at (360) 664-1294, via email at [tzawisla@wutc.wa.gov](mailto:tzawisla@wutc.wa.gov).
