Subject: Rosario Utilities, LLC UW-061389, order for name change

Dear Ms. Fowles:

Thank you for your recent contact with the Washington Utilities and Transportation Commission (Commission). We understand that you found errors in our Order 01 for Rosario Utilities, LLC in docket UW-061389.

Staff has reviewed your comments and agrees with you. Both of the errors were found in paragraph number two of the background information.

Rosario and Orcas Highlands are located in San Juan County, not Island County.

Eastsound, the village address location, is one word.
East Sound refers to the body of water.

These errors are apparent on the face of the order, and do not relate to any matter that is in issue. The errors neither affect, nor are they affected by, the order. It is not the Commission's practice to correct such errors by a later order.

You may contact Jim Ward at 360-664-1250 or e-mail at jward@wutc.wa.gov if you need further information.

Sincerely,

Er

Carole J. Washburn
Executive Secretary
