From: Pam Smith, Transportation Specialist
Kathy Hunter, Transportation Safety Compliance Manager

Subject: TR-061647 – Washington State Department of Transportation GCPF Project

On October 26, 2006, the Washington Utilities and Transportation Commission (commission) awarded a GCPF grant of \$20,000 to complete design work for a “queue-cutter signal” at the grade crossing on State Route 538 and the Urban Avenue intersection in the City of Mount Vernon.

On July 24, 2007, the applicant, Washington State Department of Transportation (DOT) submitted a request for reimbursement for design work pursuant to commission order. On July 25, 2007, commission staff reviewed the design plans and verified that the plans are substantially completed according to the specifications outlined in the order approving the grant.
