

Qwest Regulatory Compliance Organization
Code Administration

February 9, 2007

To Whom It May Concern:

 are expanding our existing campus on  in Renton. Expansion will be due, in part, to our administrative offices relocating from Seattle. We also anticipate doubling our call center capacity.

 anticipate the need for 4,000 new DID numbers.  Renton site has 1,500 DID numbers today.  will return 800 DID's within one year of installing a new DID range. We will also return 600 DID's from the Seattle area up to one year after the administrative offices move to Renton.

 would like a new DID range by April 1, 2007 in order to be prepared for the move of our administrative offices, which will occur first quarter 2008, and accommodate growth occurring now.

In order to incorporate with existing number ranges and accommodate the existing internal company dialing plan as well as multi-campus locations,  needs the new number range to be in one of the following ranges (in our order of preference):

<u>NXX</u>	<u>TN Number Ranges</u>
xx2	0000 – 9999
xx4	0000 – 3999
xx4	4000 – 8999
xx5	0000 – 9999

Respectfully,
