Description	Dear WUTC, Regarding the rate increase filed by Rosario Utilities:				
	Please reschedule this meeting to a later date and MOST IMPORTANTLY, please hold this meeting on Orcas Island.				
	This proposed rate increase has just come to the attention of our communities and we need time to study it and respond.				
There are many people who are affected by this excessive increase. To ask all of us who are interested to make what would essentially be an overnigh					
					to Olympia to address our concerns would be an expensive undertaking. But our associations will be happy to pay for you all to attend.
	PLEASE hold the meeting on Orcas.

	Dear Jim,				
Regarding the UTC meeting which is scheduled I think for June 27 to consider a					
	increase by Rosario Utilities on Orcas Island, I agree with the concerns of the Orcas				
	Highlands and Rosario Boards.
