Re: Shuttle Express Inc. C-975, TC-101592

On the substitute filing and this transmittal letter sent a few minutes ago, I failed to point out which pages were left out of our original filing. The pages not included in the substitute filing were: all original pages one and pages 15 through 33. I apologize for this lack of information. Again this was a substitute filing to replace the filing for Docket # TC-101592 made on September 24th. We erroneously filed the entire tariff and not just the revised pages. Again page one and 15-33 were not included in this substitute filing and were not intended to be revised. Two errors were also corrected.

Here is the original text for the transmittal letter: Under WAC 480-30-361(1) and within our certificated area, Shuttle Express is submitting new service and minor changes to tariff # 7. New rates and service areas have been added to our share-ride service. Minor changes to our descriptive pages were made to correct or augment our statements. There are no fare changes to this submission. Rates will change exactly 0%. In accordance with 480-30-301-3 we request the filing to be effective September 27, 2010.
