RE: *Filing for a Special Fuel Surcharge,*
Docket TG-111276

Dear Ms. Couse:

On July 15, 2011, Couse's Sanitation & Recycling, Inc. (the Company), filed with the Washington Utilities and Transportation Commission (Commission) a special fuel surcharge filing of 1.43%. This filing was docketed under Docket TG-111276.

I must deny your request. As you were previously advised by Commission Order 05, issued in Docket A-042090, became effective May 2, 2011. Therefore, every filing effective on or after May 2, 2011, must comply with Order 05. Your filing fails to meet the condition set forth in Ordering Paragraph 2(b) that a company seeking a temporary fuel surcharge must "demonstrate as part of its application that the surcharge will not generate revenues in excess of the authorized portion of the difference between current fuel prices and the fuel costs embedded in the company's rates or fares that the surcharge is intended to recover...."

The Order directs the Commission secretary to reject any application that fails to make the requisite demonstration. Therefore, the Company's request filed on July 15, 2011, is rejected in its entirety. However, be advised that the company may re-file reflecting the corrections, new issues, and effective dates.

If you have any questions regarding this letter, please contact Christopher Mickelson at cmickels@utc.wa.gov or (360) 664-1267.

Sincerely,

DAVID W. DANNER
Executive Director and Secretary
