RE: Docket TC-130910

Honorable Commissioners,

Pacific NW Distributing has been working with UTC staff at the UTC's request to combine certificates regarding the report in question. During the several years where the UTC has been administratively combining the certificates which originally were operated under 2 separate corporations, PND, LLC has submitted a unified report toward the goal set forth and anticipated to be adopted some time ago. PND, LLC has diligently tried to perform the requested document preparation, but it has been a moving target due to changing staff assignments by the UTC. In a nutshell the delays of implementation are beyond the companies control and simply caused by this unusual and murky process the certificates in question are currently subject to.

As a reminder, a civil issue over the company records and customer list for the former company operated by the Muhlbaers rendered the substance of the report a moot issue as they retained the operations bargained for and PND, LLC's effective operation there, has been awaiting resolution of the certificate combination process since the bargained for customer base was retained by the Muhlbaers who continued operating as an executive limousine service. PND, LLC awaits final disposition regarding the merger so operations can be promoted and expanded under the combined certificate.

Thank you,

Sincerely,

Danette Stoner, owner PND, LLC
