Re: Docket No. 10-90; Form 481 - Carrier Annual Reporting
Filing Entity: T-Mobile West LLC
State of Washington
Study Area Codes:

T-Mobile USA, Inc., on behalf of its wholly-owned subsidiary, T-Mobile West LLC (“T-Mobile”), submits the attached Form 481 – Carrier Annual Reporting for its designation as an Eligible Telecommunications Carrier in the state of Washington, consistent with the rules and orders of the Federal Communications Commission (“FCC”), including 47 C.F.R. §§ 54.313 and 54.422. T-Mobile completed the attached Form 481 pursuant to the Instructions for Completing FCC Form 481 (“Instructions”) and, as explained below, in accordance with the rules and orders of the FCC. By including documentation requested by the Form 481 and Instructions, T-Mobile does not waive its rights or otherwise concede that this documentation is required under the FCC’s rules. In certain instances, as explained below, the Form 481 and Instructions do not require the submission of information that appears to be required by the FCC rules and orders; nevertheless, T-Mobile provides this information consistent with the rules and orders of the FCC. Specifically:

- Service Quality worksheet lines 110 – 112 and the Instructions do not require the submission of a Five-Year Service Quality Improvement Plan and annual Progress Report, unless the carrier was designated as an ETC by the FCC; however, the FCC has made clear in its rules and orders that all ETCs must submit a Progress Report on its Five-Year Service Quality Improvement Plan and therefore, T-Mobile is submitting its Progress Reports on its previously filed Five-Year Service Quality Improvement Plan.

- Line 510 and the Instructions require ETCs to attach a descriptive document explaining how an ETC complied with the applicable service quality standards and consumer protection rules; however, 47 C.F.R. § 54.313(a)(5) and 47 C.F.R. § 54.422(b)(3) only require ETCs to certify compliance with applicable service quality standards and consumer protection rules. Without waiving its objections to providing additional information not required by the FCC rules, T-Mobile is submitting documentation of its compliance with applicable service quality standards and consumer protection rules.
- Line 610 and the Instructions require ETCs to attach a descriptive document explaining how an ETC is able to function in emergency situations; however, 47 C.F.R. § 54.313(a)(6) and 47 C.F.R. § 54.422(b)(4) only require ETCs to certify that they are able to function in emergency situations. Without waiving its objections to providing additional information not required by the FCC rules, T-Mobile is submitting documentation explaining how it is able to function in emergency situations.
- Line 710 provides for the completion of the attached worksheet for voice and broadband price offerings; however, the FCC has determined that competitive ETCs are not required to report this information in its Form 481 filings this year.
- Lines 1000 and 1010 only apply to ETCs providing fixed voice services and therefore is not applicable to T-Mobile.

Any questions concerning this filing should be directed to the undersigned.

Respectfully submitted,
